Dear parents and carers

Today is Safer Internet Day 2023. This year's theme is 'Together for a better internet'. Families play a crucial role in empowering and supporting children and young people to use technology in a responsible and respectful way. Your influence and guidance has a significant and long lasting impact on their safety and wellbeing.

We have attached a special Safer Internet Day newsletter (from Knowlsey CLC) with links to further information and help.

We also have many links on our e-safety webpage (found on the school website). You can access the page [here](#). We have now added the presentation from our recent parent's session.

There is a parent's section on the UK Safer Internet Centre website as well. They oversee the UK involvement in Safer Internet Day (which has become a global event). To visit the UKSIC website click [here](#). You can find the section under 'Guides and resources'.

We hope you find the information useful. Please remember to talk to your child about their online World. Be supportive (especially if they make a wrong turn) and lead by example. As adults, our online behaviour should mirror that of our children's.

Many thanks

Mr Parker
